GET YOUR PHIX

PHIX is a globally-recognized manufacturer of electronic nicotine delivery systems (ENDS) led by a team of industry veterans with deep knowledge of the vaping market and the changing regulatory landscape. Drawing on the team's collective experience serving customers in the e-liquid space under the Brewell MFG brand, PHIX offers an immediately recognizable pod-based e-cigarette device with distinctive flavors enjoyed by both domestic and international customers.

Our mission is to manufacture premium quality electronic closed system vapor products. We aim to solve cigarette smoker's nicotine cravings and product flaws of existing closed system devices. As a leader in vapor product innovation PHIX was designed, formulated, and engineered to fix these issues.

DM1

DM1 FEATURES

- Flexible and easy to use Closed System Vaping.
- Controlled Power to allow a consistent delivery.
- Convenient Magnetic Charger.
- 300mAh Rechargeable Lithium battery / 280mAh (US).
- Pass through device allows you to use while charging.

PRODUCT SIMPLICITY

- Product simplicity is key. We wanted to develop a product with convenience in mind.
- Perfect for the new on-the-go society.
- We kept simplicity for ease of education from our store owners to consumers, and staff to store owners.
- Customers in the past have steered away from large, bulky, hard to use vape products until now.
