CIGAR VAPE

**POD SYSTEM**

& PREMIUM E-LIQUIDS

Our exclusive XO HAVANA CIGAR VAPE is both elegant and unique, featuring our **Soft-Tip©** technology for a one-of-a-kind vaping experience.

### **Soft-Tip©** Technology

What sets it apart? The Soft-Tip© Mouthfeel, ensuring each puff is a luxurious sensation.

It's the attention to detail that elevates this device, making it a true standout in the world of vaping.

### Flavours developed with cigar manufacturers

Passionate about the search for authentic flavours faithful to traditional cigars, we met producers and artisans at Cuba, Honduras, the Dominican Republic and Veracruz in Mexico to together develop authentic and unique E-cigar flavours.

Elegant, the XO Havana electronic cigar has the appearance and maintains the perfect style of a traditional cigar.

We have implemented a complete recycling solution, from the design of our products to the end user.

As an industrial company manufacturing electronic products, we cannot conceive of the fact that XO HAVANA cigars end up stupidly in the trash, without offering and taking charge of a recycling and recovery option ourselves.
